The Framingham Police respectfully oppose the request to extend operating hours due to public safety concerns. A formal letter detailing this objection has been filed with the Licensing Coordinator.

Framingham Police Department

TO: City of Framingham Licensing Board

FROM: Lieutenant Tyson E. Mohr, Licensing Bureau Commander

DATE: September 16, 2026

RE: Caipy Sport Bar (672 Waverly Street), Request for Operating Hours Modification

The Framingham Police Department respectfully submits its objection to the request by Caipy Sport Bar, located at 672 Waverly Street, to extend its operating hours from the current 1:00 AM closing time to 2:00 AM. While the Police Department acknowledges the desirability of a licensed establishment to expand their hours of operation, our primary responsibility is to consider the potential impact of such an extension on public safety and the availability of police resources throughout the City.

The Police Department's objection is supported not only by our operational experience with late-night establishments, but also by a review of recent calls for service associated with 672 Waverly Street. From January 10, 2026 through August 29, 2026, the Framingham Police Department recorded 35 calls for service at this location, excluding directed patrol activity. Of those 35 calls, 19, or approximately 54 percent, occurred between midnight and 3:00 AM. Of particular concern, six calls occurred between 1:00 and 2:00 AM.—the precise additional hour for which the establishment is seeking authorization to remain open.

The nature and timing of these calls are also noteworthy. The calls occurring between 1:00 and 2:00 AM. included incidents classified as suspicious activity, disturbances, undesirable activity, and a family problem. While the Police Department does not suggest that every call for service at the location is directly attributable to the operation of the establishment, the concentration of police activity during the late-night and overnight hours is a relevant public safety consideration when evaluating a request to extend those hours.

More broadly, the call history demonstrates a significant concentration of activity during the period immediately preceding and following the establishment's current closing time. Twenty-seven of the 35 calls for service, or approximately 77 percent, occurred between 10:00 PM and 3:00 AM. This pattern is particularly relevant to the proposed extension, as the requested additional hour would place the establishment's continued operation directly within a period in which the Police Department has already experienced a substantial portion of the calls associated with this location.

The operational impact of late-night calls is further compounded by the limited availability of police personnel during the overnight shift. The Framingham Police Department typically has 7 cruisers available to provide City-wide police service during these hours. Calls involving disturbances, fights, intoxicated persons, medical emergencies, motor vehicle incidents, and other quality-of-life concerns can require multiple officers and may take officers away from

1 William Welch Way
Framingham, MA 01702
www.framinghampd.org
508.532.5926 Fax 508.532.5899

other areas of the City. These demands occur at a time when overall staffing is reduced and the Police Department has fewer personnel available to respond to simultaneous incidents.

The Police Department is also mindful of the additional public safety considerations that accompany the later release of patrons from establishments serving alcohol. Extending the closing time by one hour would potentially result in patrons remaining in the area later into the overnight period, with the associated possibility of additional disturbances, impaired driving, pedestrian safety concerns, and other calls for police service. It would also move the conclusion of alcohol service further into a period when public safety resources are at their most limited.

The Framingham Police Department's position is therefore based upon the specific circumstances presented by this request, including the documented call-for-service history at 672 Waverly Street and the operational demands placed upon the Police Department during the overnight hours. The fact that more than half of the documented calls occurred between midnight and 3:00 AM., with additional calls occurring specifically between 1:00 and 2:00 AM., warrants careful consideration before authorizing an additional hour of operation.

For these reasons, the Framingham Police Department respectfully recommends that the request to extend the operating hours of Caipy Sport Bar at 672 Waverly Street from 1:00 AM to 2:00 AM be denied and that the establishment's current licensed closing time remain unchanged.

Thank you for your consideration.

Respectfully Submitted,

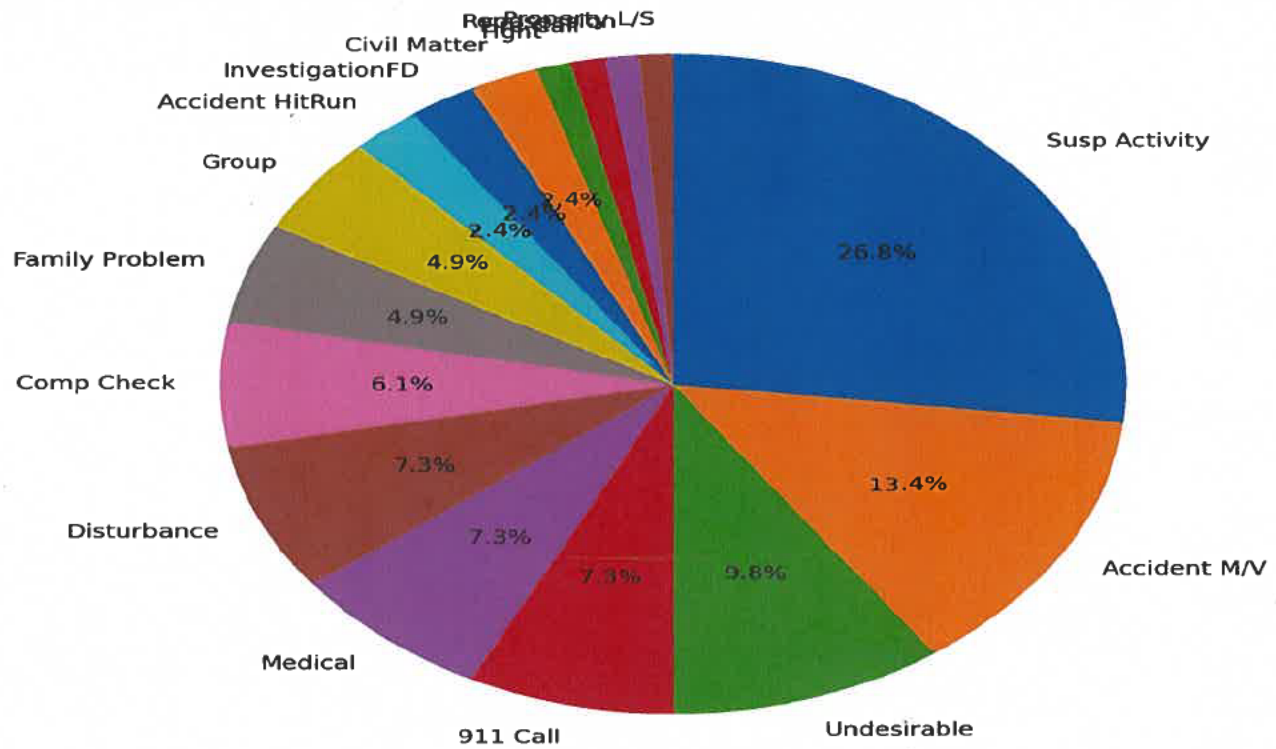

Lieutenant Tyson E. Mohr
Licensing Bureau Commander
Framingham Police Department

RE: Caipy Sport Bar, 672 Waverly St.

The Framingham Fire Department respectfully submits this letter in support of the Framingham Police Department's opposition to Caipy Sport Bar's request, located at 672 Waverly Street, to extend its licensed operating hours from 1:00 AM to 2:00 AM.

The Fire Department recognizes the interests of licensed establishments in conducting their business; however, requests to extend late-night operating hours must also be evaluated in consideration of their potential impact on public safety, emergency response resources, and the safe operation of the establishment.

The Fire Department regularly works alongside the Framingham Police Department in responding to incidents involving medical emergencies, disturbances, intoxicated individuals, motor vehicle incidents, fire alarms, and other emergencies associated with late-night activity. These incidents frequently require a coordinated response involving personnel from both departments and can commit emergency resources for extended periods.

The call-for-service information provided by the Police Department is particularly relevant. Their analysis identifies a significant concentration of activity at or associated with 672 Waverly Street during the hours immediately preceding and following the establishment's current closing time. Extending operations until 2:00 AM would therefore continue occupancy and alcohol-related activity further into a period when public-safety staffing and resources are necessarily more limited.

From the Fire Department's perspective, an additional concern is the safe evacuation and management of occupants during late-night operations. As operating hours extend later into the evening, factors including alcohol consumption, occupant behavior, crowd management, maintenance of clear means of egress, and timely compliance with emergency instructions become increasingly important to life safety.

The Framingham Fire Department has previously responded to and documented life-safety concerns at this establishment involving occupant evacuation during a fire alarm activation. That

experience reinforces the importance of maintaining appropriate oversight and carefully considering changes that could increase or prolong late-night occupancy at this location.

Public safety in Framingham is a coordinated responsibility. Police, Fire, and EMS resources routinely operate together, and an incident requiring multiple units from either department can affect the availability of emergency resources elsewhere in the City. Accordingly, the potential impact of extending operating hours should be considered not only in relation to the establishment itself, but also in relation to the City's overall ability to provide timely emergency services during overnight hours.

For these reasons, the Framingham Fire Department supports the position of the Framingham Police Department and respectfully recommends that the request to extend Caipy Sport Bar's operating hours from 1:00 AM to 2:00 AM be denied and that the establishment's current licensed closing time remain unchanged.
