### ADJOURNMENT

**EMERGENCY REQUEST FOR SUPPORT AND APPROVAL OF EXTENDED OPERATING  
HOURS DURING FIFA WORLD CUP 2026**

**To:** Mayor Charlie Sisitsky

**Cc:** Framingham City Council and Relevant Municipal Boards.

**Subject: Request for Support and Approval of Extended Operating Hours for FIFA  
World Cup Events**

Dear Mayor Charlie Sisitsky and Honorable Members of the City of Framingham Boards,

On behalf of **Caipy Sport Bar**, operated by **135 Bar Restaurant and Lounge Corp.**, located at **672 Waverly Street, Framingham, MA 01702**, we respectfully submit this emergency request for consideration and support regarding the implementation of the recently enacted Massachusetts legislation allowing bars and restaurants to remain open until 3:00 AM during designated FIFA World Cup and major summer sporting events.

As highlighted by Governor Maura Healey's recent signing of the bill authorizing extended operating hours for establishments hosting World Cup-related events, this initiative presents a unique economic opportunity for local businesses, workers, visitors, and the City of Framingham as a whole.

The FIFA World Cup is expected to attract unprecedented public interest, bringing together residents and visitors from diverse communities to celebrate one of the world's most significant sporting events. Extending operating hours will generate substantial economic activity, including:

- Increased revenue for local restaurants, bars, and entertainment venues;
- Additional employment opportunities through expanded staffing needs;
- Increased patronage of nearby businesses, transportation services, and local vendors;
- Enhanced tourism and visibility for the City of Framingham;
- Additional tax revenue generated through increased commercial activity.

At Caipy Sport Bar, we have already begun making significant investments in preparation for these events. Our efforts include:

- Intensive staff training programs to ensure safe and professional operations;
- Expanded marketing initiatives to attract visitors and promote Framingham as a destination for World Cup celebrations;
- Hiring additional employees to accommodate increased demand;
- Contracting additional security personnel and implementing enhanced safety measures;
- Upgrading operational procedures to provide a safe, organized, and welcoming environment for all guests.

Our commitment is to host these events responsibly while maintaining full compliance with all applicable state and local regulations. We are dedicated to creating a positive experience that reflects well on our establishment and on the City of Framingham.

For these reasons, we respectfully request the support of the Mayor's Office and the appropriate City Boards in facilitating and approving any necessary local authorizations, permits, or administrative actions that would allow Caipy Sport Bar to participate in the extended operating hours program authorized by the Commonwealth.

We believe this initiative will benefit not only our business but also the broader Framingham community, supporting economic growth, job creation, and civic engagement during this historic international event.

Thank you for your time, consideration, and continued support of Framingham's local business community. We remain available to discuss this request further and to provide any additional information that may be required.

Respectfully,

**Wesley J Silva**

## 2026 FIFA WORLD CUP PROPOSED OPERATING HOURS CHANGE

The Framingham Police Department respectfully submits its objection to the proposed temporary extension of alcohol service hours for licensed establishments during the 2026 FIFA World Cup.

While the Framingham Police Department recognizes the significance of the World Cup and the desire of local businesses to capitalize on increased patron activity, our position remains consistent with prior requests for extended closing hours. Based on operational experience, historical calls for service, and public safety considerations, the Framingham Police Department does not support extending licensed operating hours beyond the currently established closing times.

The overnight period between midnight and 3:00 a.m. consistently represents one of the highest-demand periods for police services. During these hours, staffing levels are at their lowest, with approximately seven to ten officers responsible for responding to calls citywide. Incidents involving disturbances, assaults, fights, intoxicated individuals, motor vehicle crashes, and other quality-of-life concerns frequently require multiple officers, reducing the police department's ability to respond to emergencies in other areas of the city.

Historical experience demonstrates that alcohol-related incidents tend to increase as establishments approach closing time. Extending operating hours does not eliminate these issues; rather, it shifts them later into the overnight period when fewer public safety resources are available. A later closing time also increases the likelihood of large crowds exiting establishments simultaneously, creating additional concerns related to disorderly conduct, public disturbances, impaired driving, and pedestrian safety.

The Framingham Police Department has observed that establishments operating with entertainment, large occupancies, and late-night patron traffic generate a disproportionate number of calls for service compared with other businesses. Past incidents have included fights, assaults, intoxication-related medical emergencies, disorderly gatherings, threats of violence, and firearm-related offenses. These events often require substantial police resources and can affect service delivery throughout the city.

Transportation considerations further compound these concerns. During overnight hours, public transportation options are limited, and ride-share such as Lyft and Uber in addition to taxi availability can be inconsistent. It should be noted for example, that Tommy's Taxi is only open until 11pm. As a result, extending alcohol service later into the night may increase the risk of impaired driving and other transportation-related public safety issues.

Research examining the relationship between alcohol availability and violent crime has consistently identified a correlation between later alcohol service hours and increased rates of violence and disorder. While individual communities may experience varying outcomes, the available research generally supports the conclusion that extending alcohol service hours can increase demands on law enforcement and public safety resources.

For these aforementioned reasons, the Framingham Police Department believes that a temporary citywide extension of alcohol service hours during the 2026 FIFA World Cup would provide limited public benefit while creating foreseeable public safety and operational challenges. Accordingly, the Framingham Police Department respectfully recommends that the current licensed closing hours remain unchanged.

Thank you for your consideration.

Respectfully Submitted,

Lieutenant Tyson E. Mohr, Licensing Bureau Commander

Hi Mike,

Concerning public consumption areas, the Framingham Police would be opposed to creating such a district. Similarly, with extended operating areas, this proposal would create additional enforcement challenges, and create public safety risk without being beneficial to the City. Crown management concerns, increased demand for police services, along with difficulties ensuring compliance with pre-existing alcohol related laws and regulations would all be challenges. Additionally, given the fact that Framingham is not a FIFA World Cup host city, the public safety risks and possible disruptions to the surrounding residential and commercial areas, would outweigh the limited advantages in the participation in this temporary measure.

Respectfully submitted,

Michael,

With the limited information, the Fire Department is unable to support Public Consumption Areas at this time. If there were more details with designated locations and hours, it would allow us to properly evaluate the request and determine any public safety concerns.

Licensing Board,

At the Council meeting on Tuesday June 16, 2026 discussion took place regarding the recently signed legislation by Governor Healy allowing Massachusetts cities and towns to opt into a temporary program that allows restaurants and bars to stay open one hour later than their usual closing time, up to 3:00am, through July 31, 2026. The Council voted unanimously 11-0-0 to recommend to the Licensing Committee and Mayor to opt into this program for establishments in the city on a case-by-case basis to meet the viewing needs of the current World Cup soccer games.

The discussion can be viewed on the Government Channel at the end of the meeting as it was the last item discussed.

There were no comments from the public.

Attorney David Rubin, Consultant Diane Willoughby, Owner Cecilia Herrera, with proposed Manager Argueta and Assistant Manager Portillo, all spoke on the New All Alcohol - Restaurant – License for Los Pinos Mexican Grill IV Inc DBA Los Pinos Mexican Grill IV.

Attorney Rubin informed the BLC of changes Los Pinos had made to prevent future violations (new manager and assistant manager, ID scanner in use, TIPS certification).

Commissioner Sturniolo spoke to his past concerns with Los Pinos and was glad to hear of the steps taken to prevent any future alcohol violations.

Commissioner McCullough had questions concerning the experience of the Manager and Assistant Manager. Also, if all employees of Los Pinos were TIPS certified (applicants stated all employees were TIPS certified).

Commissioner DeAngelis commented on the history of this Application.

Commissioner Pologe commented on steps taken to ensure no future violations and that the Manager or Assistant Manager be on site at all times, the required 40 hours per week for both.

Commissioner DeAngelis on a point of discussion made an amendment to the motion to change the closing hours for Thursday thru Sunday to 12am. The BLC voted on and passed the change of hours to 12am.

Attorney Rubin made counter proposal on days and hours, but Commissioner Sturniolo stated the counter proposal would entail changing Los Pinos Common Victualer License also. The counter proposal was withdrawn.

Commissioner Pologe stated Los Pinos may reapply after at least six months to extend the hours to 1am provided there are no violations.

Attorney David Rubin, Owner Herrera, Mr. Argueta and Ms. Portillo, all attempted to answer the concerns and questions from the BLC.

Motion made by Commissioner Sturniolo to approve the Application of a New All Alcohol - Restaurant – License for Los Pinos Mexican Grill IV Inc DBA Los Pinos Mexican Grill IV, 183 Concord St. Manager: Alexander Argueta, Assistant Manager: Jennifer Portillo. There were no comments from the public.

Consultant Lucas Moya, Owner Tatiana Meneses and Manager Adiel Jaramillo all spoke on the Change of Category and Change of Hours for Pueblito Paisa, Inc. DBA Pueblito Paisa Colombia Restaurant.

Commissioner McCullough had concerns with the day-to-day operations of the business, (the Owner, the Manager and Assistant Manager), the alcohol storage space and the bar space (The patrons/public do not have access).

Commissioner DeAngelis had questions on if they plan to serve ready made canned cocktails or do mixed drinks. Also concerns on proper alcohol storage. Requirement of the Manager and/or Assistant Manager of 40 hours per week and on site at all times. How will this impact the existing floor plan and concern over the early opening hours.

Commissioner Sturniolo voiced some of the same concerns as above Commissioner's. Also, that the Common Victualer hours do not match with the purposed All Alcohol hours in that food would not be served during some of the hours when alcoholic beverages would be available. He stated he is not in favor of alcoholic beverages being served without food being available. The Common Victualer License hours would need to be changed reflect closing Hours of operation on the All Alcohol Restaurant License.

Commissioner Pologe voiced the same concerns as the other Commissioner's, the Manager and/or Assistant Manager be on site at all times. That before the All Alcohol Restaurant License be issued the Common Victualer License hours would need to be changed so that food is available.

Consultant Lucas Moya, Owner Tatiana Meneses and Manager Adiela Jaramillo all attempted to answer the questions and concerns of the BLC. They also agreed to the change of hours recommended by the BLC and agreed to submit an application for a Change of Hours to their Common Victualer License to reflect closing Hours of operation on their All Alcohol Restaurant License. (the All Alcohol Restaurant License not to be issued until the Common Victualer License change submitted and approved by BLC).

Motion made by Commissioner DeAngelis to approve the Application for a Change of Category and Change of Hours for Pueblito Paisa, Inc. DBA Pueblito Paisa Colombia Restaurant, 66 Hollis St. **License: to an All Alcohol Restaurant. Hours: Sunday thru Thursday 12pm to 11pm, Friday thru Saturday 12pm, to 12am (Including Tuesday).**

**Conditional upon submission by Pueblito Paisa and approval by the BLC of an Application for a Change of Hours to the Common Victualer License to reflect closing Hours of operation on the All Alcohol Restaurant License. Also, upon payment of all taxes and fees and approval of all city departments, including all required documents and receipt of all City department inspections.** Commissioner Sturniolo seconded the motion.
